“BRIDGE FOR THE FUTURE”

PONT POUR L’AVENIR”

... a cross-border project of the Blue House Breisach.

*Young people in Baden and Alsace explore different perspectives on
the past and present of the Upper Rhine region.*

*It is about Alsatian and Baden resistance fighters,
Sinti:zze and Rom:nja, Jews, forced laborers, prisoners of war, people in psychiatric
clinics and Alsathians, who were forcibly recruited into the Wehrmacht.*

*Two different biography work projects allow young people creative approaches to
Franco-German history on both sides of the Rhine.*

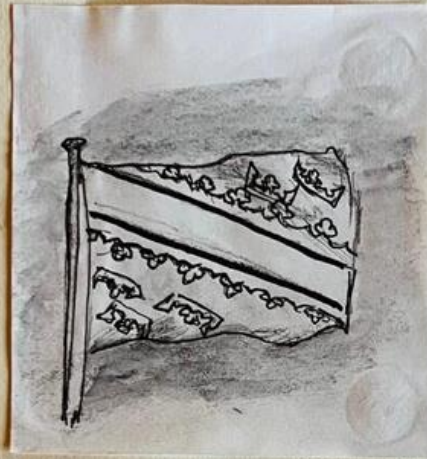

*Workshops are offered by the teacher and comic author Sandra Butsch on the
"storyboard telling" method and by the artist Francine Mayran on her approach of
the "life memory suitcase".*
